

"Chest-
nuts
roasting
on
an
open
fire—"

—although—
it's been said
...many times
...many ways,

Merry-
Christmas-
to you!

and Carmen*

Happy Holidays to you in London. Hear you are both
going to be running in D.C. on new years day. What a
wild and exciting lift you two will have. I hope to see
you next time you're out west — we have two urban
cowboys to welcome you! — J.
